

## **AXIS T92E05 Protective Housing**

For protection against weather and vandalism

AXIS T92E05 protects Axis fixed network camera in environments where temperature management is not a demand, such as subways or shopping malls. No power connection is required. AXIS T92E05 is IP66- and NEMA 4X-rated against the ingress of dust, rain, high-pressure water jets and damage from external ice formation. It is also IK10-rated for protection against impact and vandal acts. The network cable is protected inside the wall mount to enhance vandal protection. It comes with a wall mount with an internal cable channel and ball joint.
